The building is slated to be turned over in June.

   - The extended guest policy will be implemented in August. Information will be included in the new registration packages. And Housing and Ayida and Jason will solicit resident feedback to learn more about how they can better structure the process.
3. Open Floor (Mostly related to facilities and construction)

- A resident asked about increased enforcement in the family parking lot. According to Jason, there is only one family permit more than there are spots in the lot. He will ask Parking and Police to better enforce the rules in the family lot.

- A resident asked for more information about the recent sudden water shutdowns which were scheduled on a holiday morning. Jason explained that the date was chosen because construction teams thought many residents would be away for the long weekend.

- Again residents are encouraged to let Jason know if they notice any problems related to the construction work and he’ll continue to advocate on Eastgate’s behalf.
